Individual Accountability Report (IAR) Template

The following questions **MUST** be included and answered completely for each submitted IAR.

IAR must be submitted one of the following file formats: text or PDF.

Q1. Student Name: Mustafa Al-Obaidi

Q2. Student ID: 1067533

Q3. Associated Team Deliverable: Sprint 4

Q4. Section#1, Team #:6

Q5. What were the main technical or methodological concepts and/or skills that were required to complete this team deliverable? (bulleted list is preferred):

- Android Studio
- User Interface Design
- XML layout in Android Studio
- Firebase authentication
- GitLab
- Java

Q6. What was your existing level of experience with these topics/skills before your team began working on this deliverable? (1-2 sentences):

I have learned about these topics in the previous labs, but I had few issues with merge requests in GitLab that required me to do some research, and in return I was able to solve my issues and learn a generous amount of information about GitLab. Moreover, I learned more about Android Studio, XML layout and Java.

Q7. Comment on your individual academic, methodological, or technical learning during this deliverable, and what additional learning may be needed to understand or be more competent with these topics in the future?

During this sprint I completed my assigned tasks. I understood the programming part. However, I needed some help with solving few bugs that occurred while working on adding images to notes. Luckily, I was able to get help from Rafael and we were able to close this user story successfully.

Q8. What specific contributions did you make to this team deliverable? This should include technical or project management contributions.

During this sprint I was able to complete my assigned tasks. Firstly, I worked on adding images to notes. Secondly, I worked on solving few bugs that arose in the login activity. Also, I reviewed and approved few merge requests for other team members.

Q9. With whom did you collaborate for any of the above contributions (be specific)?

I needed help solving few bugs in user story #4 and Rafael was there to help me. Also, I reviewed and approved a merge requests for Rafael, Xiaotian and Sooraj.

Q10. Comment on how well you managed your time over the time period allocated in the Course timetable to this team deliverable (i.e. the time between the prior team deliverable to this team deliverable).

During this sprint I was able to finish the tasks assigned to me on time, and review other team members merge requests and approve them.
