

CIS 3760 – Software Engineering
Instructor: Prof. S. Scott
Individual Accountability Report (IAR) Template

Note. Refer to the Project Manual for detailed instructions for IAR submissions.

Individual Accountability Report (IAR) Template

The following questions **MUST** be included and answered completely for each submitted IAR.

Q1. Student Name: Rafael Wiska-Ilnicki

Q2. Student ID: 1061997

Q3. Associated Team Deliverable: Sprint 3

Q4. Section#, Team #: Section 1 Group 6

Q5. What were the main technical or methodological concepts and/or skills that were required to complete this team deliverable? (bulleted list is preferred):

- Android Studio
- Java
- GitLab issues and board
- Burndown charts
- Android APIs (particularly the Sharesheet API)

Q6. What was your existing level of experience with these topics/skills before your team began working on this deliverable? (1-2 sentences):

From previous labs, we worked with GitLab issues, boards, and burndown charts. I had no prior experience to using the Android Sharesheet API.

Q7. Comment on your individual academic, methodological, or technical learning during this deliverable, and what additional learning may be needed to understand or be more competent with these topics in the future?

During this sprint, I felt capable in the skills that I used. With the Sharesheet API, I felt that I understood it well, with some future reading of the documentation to fully understand how to implement communication between multiple instances of the application.

Q8. What specific contributions did you make to this team deliverable? This should include technical or project management contributions.

During this deliverable I worked on the tech story to allow users to share their notes with others via SMS and email. I set up the Wiki pages for tasks and testing documentation. I also reviewed Mustafa's story (resetting user password) and merged it into the master branch.

Q9. With whom did you collaborate for any of the above contributions (be specific)?

I worked with Sooraj in creating the Burndown charts. I worked with Mustafa in reviewing his story and merging it with the master branch.

Q10. Comment on how well you managed your time over the time period allocated in the Course timetable to this team deliverable (i.e. the time between the prior team deliverable to this team deliverable).

During this deliverable, I was able to manage my time extremely well. I had my tech stories done early, and was able to help review other's work.
